## Table of Contents - April 2020

### Reproductive Material

1. The impact of herbicides on tree seedling quality (2001)
2. Effect of physiological condition at time of lifting on cold storage tolerance and field performance of important conifer and broadleaf species (2001)
3. The collection, storage, treatment and handling of conifer tree seed (2002)
4. The collection, storage, treatment and handling of broadleaved tree seed (2002)
5. The importance of plant size for successful forest plantation establishment (2002)
6. Plant quality; what you see is not always what you get (2002)
7. Poor quality planting of ash - getting to the root of the problem (2003)
8. Common alder (*Alnus glutinosa*) as a forest tree in Ireland (2004) ^
9. The importance of provenance and site selection on the production of quality noble fir (*Abies procera*) Christmas trees (2005)
10. Progress in the selection and improvement of Irish birch (2007)
11. Where should Washington and Oregon sources of Sitka spruce be planted in Ireland? (2007)
12. Provenances of beech best suited for Ireland (2007)
13. The importance of seed stands in broadleaved forestry (2007)
14. Lifting and handling stresses can cause shoot dieback in oak (2008)
15. Eucalyptus as a potential biomass species for Ireland (2008)
16. Seed source significantly influences growth, form and silvicultural management of oak (2008)
17. Economic benefits and guidelines for planting improved Washington Sitka spruce (2010)
18. Irish oak - genetic diversity and the Iberian connection (2010)
19. Use of exponential nitrogen loading in the nursery to promote nutrient uptake and quality of pedunculate oak seedlings (2012)
20. Identifying and characterising hybrid 'brown bud' ash in Ireland (2013)
21. Oak breeding in the Netherlands: lessons learned on a recent Future Trees Trust (FTT) study tour (2018)
22. Breeding for tolerance to Ash Dieback disease (2020)

### Silviculture and Forest Management

1. Computer software requirements in forest management (2001)
2. Dyes capable of bonding with fresh wood for use in stump treatment (2001)
3. Soil and site indicators for the production of high quality ash (*Fraxinus excelsior* L.) (2001)
4. Green Spruce Aphid - a pest of spruce in Ireland (2002)

5. Establishing broadleaves (2002)
6. Silviculture of broadleaves (2002)
7. Controlling grey squirrel damage in Irish broadleaved woodlands (2003)
8. Continuous cover forestry (2003)
9. Realising the potential of private plantations (2004)
10. Thinning to improve stand quality (2004)
11. Pruning adds value to plantations (2004)
12. Systematic spacing trials for plantation research and demonstration (2005)
13. Establishing a sustainable forest resource on industrial cutaway peatlands: tree performance and silvicultural techniques (2005)
14. Fertiliser application to conifer plantations on oligotrophic peat sites (2006)
15. Controlling the large pine weevil, *Hylobius abietis*, using natural enemies (2008)
16. Assessment of wild edible fungal production in Irish woodlands (2008)
17. Assessing the potential for spreading fertiliser in forests using ground-based machines (2010)
18. A preliminary evaluation of the application of multi-return LiDAR for forestry in Ireland (2010)
19. The Avondale initiative 1905 (2010)
20. Dynamic yield models used in Irish forestry (2012)
21. Nursing of oak in Ireland (2012)
22. Felling Decision Tool - Conifers (2018)
23. Understanding and managing windthrow (2018)

## Harvesting, Transport and Forest Machinery

1. A pre-harvest timber valuation system (2001)
2. Considerable savings possible by planning harvesting systems (2004)
3. Harvesting wood for energy from early first thinnings (2007)
4. Harvesting wood for energy from second and later thinnings (2007)
5. Firewood (2007)
6. Quality wood chip fuel (2007)
7. The potential of terrestrial laser scanning technology in pre-harvest timber measurement operations (2007)
8. A handy stand for sharpening your chainsaw (2008)
9. Crossing drains (2008)
10. An outline of the ForestEnergy series of COFORD Connects notes (2009)
11. Standard shortwood harvesting of conifer first thinnings for 3 m pulpwood and industrial roundwood (2009)
12. Integrated harvesting of conifer first thinnings for 4.3 m energy wood and industrial roundwood (2009)
13. Whole-tree harvesting of conifer first thinnings for energy wood chip production (2009)
14. Producing firewood from conifer first thinnings (2009)
15. Whole-tree harvesting of broadleaf first thinning for energy wood chip production (2009)
16. Production of wood chip from premature clearfelling of lodgepole pine on cutaway peat (2009)
17. Storage and seasoning of conifer roundwood in the forest (2009)
18. Forest storage and seasoning of conifer and broadleaf whole trees (2009)
19. Storage and seasoning of conifer and broadleaf firewood (2009)
20. Long term storage and seasoning of conifer energy wood (2009)
21. Units, conversion factors and formulae for wood for energy (2010)
22. Fuel consumption of timber haulage versus general haulage (2010)
23. Harvesting birch woodland on cutaway peat for wood chip production (2010)

24. Producing firewood from broadleaf first thinnings (2010)
25. Whole-tree harvesting of softwood first thinnings for energy wood chip production, chemical thinning (2010)
26. A synthesis and comparison of forest energy harvesting methods in conifer plantations (2010)
27. A synthesis and comparison of forest energy harvesting methods in broadleaves (2010)
28. Establishment of short rotation coppice seen from a harvesting point of view (2012)
29. Harvesting short rotation coppice willow (2012)
30. Storage of short rotation coppice willow fuel (2012)

## Wood Processing and Product Development

1. The mechanical and physical wood properties of a range of Sitka spruce provenances (2001)
2. General principles of timber usage (2002)
3. Energy efficiency of timber frame housing (2002)
4. Uses of home-grown Irish timber (2004)
5. Improving the stability of structural timber (2004)
6. Forest foliage (2007)
7. Structural timber design to Eurocode 5 (IS EN 1995-1-1) rules (2007)
8. Ordering and receiving wood chip fuel (2007)
9. Receiving and storing wood chip fuel (2007)
10. The production of wood pellets (2007)
11. Simple ways to check the quality of wood pellets (2007)
12. Guidelines for designing a wood pellet storage facility (2008)
13. Estimated woodflow for the Republic of Ireland for 2006 (2008)
14. Roundwood supply, wood energy and related issues in the UNECE region (2008)
15. Cladding (2008)
16. An overview of the Irish wood-based biomass sector (2008)
17. Gasifier-type firewood fuelled boilers (2008) (Revised 2012)
18. Estimated woodflow for the Republic of Ireland in 2007 (2008)
19. An overview of the 2008 UNECE Timber Committee meeting (2009)
20. An overview of the Irish wood-based biomass sector 2007 (2009)
21. Woodflow for the Republic of Ireland for 2008 (2009)
22. An overview of the Irish wood-based biomass sector in 2007-2009 (2010)
23. Preview of European standards for solid biofuels (2010)
24. An overview of the 2009 UNECE Timber Committee Meeting (2010)
25. Handling and using wood fuels in a safe manner with regard to carbon monoxide (CO) (2012)
26. Woodflow and biomass use on the island of Ireland (2009) (2012)
27. Woodflow and forest-based biomass energy use on the island of Ireland (2010) (2012)
28. Woodflow and forest-based biomass energy use on the island of Ireland (2011)
29. Woodflow and forest-based biomass energy use on the island of Ireland (2012)
30. Ash content of Irish woodfuel (2013)
31. Drying of firewood (2013)
32. Calorific value of Irish woodfuels (2013)
33. An overview of the 2012 UNECE Timber Committee Meeting (2013)
34. Woodflow and forest-based biomass energy use on the island of Ireland (2013)
35. Woodflow and forest-based biomass energy use on the island of Ireland (2014)

36. An overview of 2013 meeting of the United Nations Economic Commission for Europe (UNECE) Committee on forests and the forest industry (2016)
37. An overview of 2014 meeting of the United Nations Economic Commission for Europe (UNECE) Committee on forests and the forest industry (2016)
38. An overview of 2015 meeting of the United Nations Economic Commission for Europe (UNECE) Committee on forests and the forest industry (2016)
39. Review of worldwide standards for solid biofuels (2016)
40. New fuels: Thermally treated biomass (2016)
41. Health and safety aspects of using wood chips as a fuel (2016)
42. Health and safety in the handling storage and use of wood pellets (2016)
43. Wood ash (2016)
44. Heat treatment of softwoods to improve stability and durability (2016)
45. Woodflow and forest-based biomass energy use on the island of Ireland (2015)
46. An overview of roundwood harvest and forest products markets in the UNECE region in 2015 - 2017 (2017)
47. Software to help the wood for energy community (2017)
48. Woodflow and forest-based biomass energy use on the island of Ireland (2016)
49. Embedded energy in wood fuels (2018)
50. Woodflow and forest-based biomass energy use on the island of Ireland 2017 (2018)
51. Woodflow and forest-based biomass energy use on the island of Ireland 2018 (2019)

## Socio-Economic Aspects of Forestry

1. Wood as a renewable source of energy (2002)
2. A survey of Western Package Afforestation Scheme plantations in relation to thinning needs (2003)
3. Social impacts of forestry: A case study approach (2008)
4. The economic impact of the forestry and wood products sectors in Ireland (2008)
5. Modeling the economics of forestry in Ireland - the returns to farm afforestation (2010)

## Forestry and the Environment

1. Sodium Dominance Index as a measure of acid-sensitivity in Irish rivers (2001)
2. Forest certification - what does it mean for Irish forestry? (2003)
3. Carbon sequestration in Irish forests (2003)
4. Liming options in afforested catchments in Ireland (2004)
5. Global forest certification - 2004 update (2004)
6. The distribution of Hen Harriers in Ireland in relation to land use cover, particularly forest cover (2006)
7. National Pine Marten survey of Ireland 2005 (2006)
8. Dispelling myths: the true extent of recent peatland afforestation in Ireland (2008)
9. Climate change and Irish forestry (2009)
10. The use of forested landscapes by Hen Harriers in Ireland (2010)
11. The greenhouse gas balance of peatland forest (2010)
12. Suspended solid yield from forest harvesting on an upland blanket peat (2012)
13. Phosphorus release from forest harvesting on an upland blanket peat (2012)
14. A new vision of forest monitoring in Ireland and Europe. The FutMon project. (2012)

# Wood Technology Ireland

1. Construction products regulation: Declaration of performance and CE marking (2016)
2. Timber roof trusses: General information (2017)
3. Structural timber: Marking for solid timber (2017)
4. Structural timber: Declaration of performance (2017)
5. Structural timber: General design requirements (2017)
6. Timber preservative treatment and durability - solid timber - a background (2018)
7. Irish standards on timber fencing - general information (2018)
8. Wooden joinery (windows and doors) (2018)
9. Plywood (2018)
10. Timber sizes – solid timber for structural use (2020)
11. Grading structural timber (2020)
